

## FOUR CAP SET

# Ford Performance Reservoir caps

Your cap set includes these four reservoir caps.

On the back side of each cap is a strip of double sided tape (see below). If you wish to have your caps stay on permanently, remove the red tape and stick the cap in place. Once on the cap will not come off without significant pressure. If you wish to put the caps on for show and remove, then leave the red protective tape in place. The caps may come off if driven without using the tape to hold them in place.

The caps are anodized to protect the finish & maintain long lasting beauty.

The set includes: engine oil cap, brake reservoir cap, radiator overflow tank cap & windshield washer reservoir cap.

Enjoy your new under-hood enhancement brought to you under Ford Licensing.
