

**1985-93 MUSTANG ENGINE ACCESSORY
BRACKET KIT W/ HARDWARE 5.0**

LRS-10313-K

1. Install Stud "B" into upper R/H hole location on the driver's side head. (See Figure 1)
 2. Slide rear A/C bracket (LRS-9998927) over the Stud "B" using Hole #1 indicated in Figure 2
 3. Install Bolt "C" through hole to mount the A/C bracket. (See Figure 2)
 4. Install power steering pump to the P/S mounting bracket (LRS-9998926) using qty 3 of Bolt "A".
 5. Slide the top hole #2 of the power steering pump bracket assembly over Stud "B". (See Figure 4)
 6. Install front A/C Mounting Bracket (LRS-9998929) over Stud "B" as well as the 3 water pump studs see Figure 4
- "Note: the nuts that attach the A/C Mounting bracket to the water pump studs are included with the Water Pump Timing cover Hardware Kit LRS-8501BHDW that is sold separately"
7. Install QTY 1 of Bolt "D" into hole #3 indicated in Figure 4
 8. Install rear A/C Support Bracket (LRS-9998928) to angled flange on the rear A/C bracket (LRS-9998927) using Qty 2 of Bolt "A"
 9. Use QTY 6 Bolt "A" to finish mounting A/C compressor to front A/C Mounting Bracket (LRS-9998929) and rear A/C support bracket (LRS-9998928) (See Figure 5)
 10. Use QTY 1 of Bolt "G" to secure alternator bracket on passenger's side head using Hole# 4 as shown on (Figure 6)
 11. Use QTY 2 Bolt "F" to finish attaching alternator bracket to engine using bolt holes #5 as shown on (Figure 6)
 12. QTY 1 of Bolt "D" will be used to mount lower alternator pivot in hole #6 (See Figure 6)
 13. QTY 1 of Bolt "H" will be used to mount Smog Pump pivot in Hole #7 (See Figure 6)
 14. Slide rear smog pump Support bracket (LRS-9998930) over timing pointer stud and secure with timing pointer nut.
- "Note: Timing pointer hardware is included with water pump timing cover hardware kit LRS-8501BHDW that is sold separately."
15. Use QTY 1 Bolt "A" to secure rear smog pump support bracket "LRS-9998930" to the back of the smog pump.

* Note: LH/RH Standing in front of car*
